Buyer and Seller Agree to the Following Terms Pertaining to This Dog.

1. Sale price is _____ Paid _____
2. The Buyer(s) agrees to provide a life-long commitment, comfortable environment, prompt medical attention, proper grooming and good quality professional feed given at regular intervals, and fresh water available at all times (Unless otherwise directed by a veterinarian). The Buyer(s) promises to provide a safe environment for the dog, and never allow the dog to roam freely without proper fencing or supervision. This puppy is **Microchipped #** _____ **– AKC Chip and registered with AKC Reunite.**
3. The Buyer(s)/Seller(s) agree to AKC registration. This puppy may not be used for breeding. Seller(s) recommends not neutering/spaying until 18 months to 2 years of age. He/she may stay intact for longer if Buyer(s) and Seller(s) agree. If he/she is neutered/spayed, Seller(s) asks that they are informed prior to procedure. If neutered/spayed, sellers ask for something from the vet identifying the dog and saying that he is neutered/spayed for our records.
4. This dog is to be registered with the **ALCYONE** kennel name.
Additional kennel name if applicable: _____
5. If at any time the Buyer(s) can no longer retain possession of this dog, the Seller(s) are to be notified and given first option of resuming full ownership of the dog in order for the Seller(s) to locate this dog a new home. Refunds, if any, will be at the discretion of the Breeder(s)/Seller(s). The dog will be returned with all AKC papers and medical records. Should any circumstances arise that affect the quality of life of this dog, the Breeder(s)/Seller(s) are to be informed so that they may participate in determining the future of the dog. The Breeder(s)/Seller(s) reserves the right to approve/prohibit any transfer of this dog to a third party. Under no circumstances will this dog be sold, leased, traded, or given away to any pet shop, research laboratory, animal shelter or similar facility.
6. The Buyer(s) agrees to contact the Seller(s) immediately if any questions or concerns arise about the dog, such as housing, diet, health, or training. The Buyer(s) agrees to keep the Seller(s) informed of any treatment as it occurs. This provides the Breeder(s)/Seller(s) with an opportunity to follow up on puppies and gives us important feedback and information on the health of our dogs for future generations.
7. This puppy is guaranteed healthy at time of sale. Any hereditary defect, up to one year, interfering with the dog's normal life shall constitute replacement by Seller(s) of a dog of equal quality (after the aforementioned dog is returned to the Breeder(s)). He/she has been tested for the **MDR1 mutation** (Ivermectin/drug sensitivities) and he/she is _____. The WSU website <http://www.vetmed.edu.depts-VCPL> relates to this mutation in dogs. However, as a precaution he should **NEVER** be treated with drugs or medications that have been listed as harmful or possibly harmful to a dog with the mutation. A current list is enclosed with the paperwork. Please contact the Seller(s) if you have any questions at any time. Seller(s) will not be responsible for replacement of puppy/adult if treated with possible harmful drug(s).

The preceding paragraphs contain conditions established to ensure the wellbeing and safety of the dog. The Buyer's agreements will continue for the dog's life and the Seller(s) will have the right to enforce the agreements. The Buyer(s)/Seller(s) agrees to try to contact the other party if at any time there is a change of address, phone number or change of email address. Down payment will not be refunded unless Seller(s) cannot produce the dog at time of pickup.
